

Would you like to be a SENINTER tour operator?

We are very excited to share the news with you:
SENINTER is now a reality in Europe!

Thanks to 3 European tour operators, grandparents and grandchildren can now travel across Europe under this innovative model of responsible and intergenerational tourism.

Our key destinations at the moment are: **Rimini** (Italy), **Marseille** (France) and **Koper** (Slovenia). Would you like to add value to your tourism portfolio and jump in the wagon with us?

We are still looking for more tour operators that would love to help SENINTER reach a wider audience.

We believe the key to offer authentic travel experiences is to create emotional ties with our travelling mates, the hosting cultures and the territory.
SENINTER makes this happens.

Because SENINTER is not just a trip... it is a legacy.

For updates and other information about our side events, follow us on Facebook @Seninter and do not hesitate to contact us at: comunicacion@koanconsulting.com
